

Senior Full Stack Developer

The Role:

We have an opportunity for a skilled Senior Developer who will contribute to the design, development and support of new and existing microservices within the Temando platform. Joining our expanding team, you will work on a variety of projects with the opportunity to own technical or product initiatives or even take a lead role in their successful delivery.

Skills & Experience:

If you have skills and experience with the following, we want to hear from you:

- NODE.JS / JAVASCRIPT programming
- Amazon Web Services, Docker, Cloud based architecture and patterns
- Coding in Linux-style operating environments
- Object Oriented, Functional and Asynchronous/Evented Software Design patterns
- Modern development frameworks (such as REACT, LAMBDA, Serverless or similar)
- The application of code and deployment management tools, such as JSON, JSON Schema, HTTP, SWAGGER
- Electronic transports, data formats, protocols and architectures such as HTTP, OPEN API & SWAGGER
- The software development lifecycle, and transposition of stakeholder specifications and requirements
- Ecommerce carts or ecommerce / shipping / retail platforms - advantageous

On Offer:

Our environment is fast paced, high-energy and the team is passionate about its customers, the platform and the vision!

- Mix of technology: Node.JS, JavaScript, React, PHP & Associated Frameworks etc.
- Evolving Environment: Amazon Web Services, Docker, Vagrant
- Your choice of Hardware + O/S (OSX, Windows 10, Linux/Ubuntu)
- Competitive salary packages and benefits
- Training & development opportunities
- Quarterly performance based Bonus (up to 10% of your salary)
- Modern, spacious office in Newstead with free End-of-Trip Facilities
- Fully stocked kitchen with free drinks, snacks & a ping-pong table ready for you to show us your skills!

Our Company

Temando is an Australian Technology Company specialising in shipping software solutions for the eCommerce and Logistics Industries. We work with APAC's leading retailers, helping them to re-imagine their customer experience through our intelligent shipping platform. With over 55,000 registered users globally, Temando is one of the fastest growing technology companies in the APAC region, as recognised in the Asia Pacific Deloitte Technology Fast 500.

Our team is full of awesome people helping to push the boundaries of what's possible. If you want to be challenged and interested by the work you do every day then apply now!
